

Coloring Contest

Kindergarten and First Grade Coloring Contest

A book has been donated to your school library and for use in your classroom.

Please read the book to your class and use the included teacher's guide (also found on www.maggieandmaddy.com) to lead discussions.

Each school in Napa Valley will have their own coloring competition and their own due date (please check with your school office).

Have the students color the coloring page and fill out the information at the top of the page.

Submit the entire classes coloring pages as a group to the school office.

Based on the coloring pages submitted, a student will be selected from each school to receive a free copy of "Maggie and Maddy Adventures in Napa Valley."

The selection will be made by local authors Kyle and Amy Goleno.
